

The Petersen family owned 3 charter fishing boats which operated out of Marina Mirage from 1996. They made the name **Gone Fishing** a household name on the Gold Coast, with some fabulous fish captures.

Over the years **Gone Fishing** skippers have contributed to a G.P.S. list of reefs that produce fish. That list boasts 120 locations between Point Lookout and Tweed Heads including the Broadwater.

The list is yours free whenever you do a boat or jet ski licence with us.
